NCSRA now has an Assignor of Year Award

*This award is in memory of NC Assignor John Stewart.*

John set the standards for what we expect from our assignors. He had a passion to work with and train young (or new) officials. Maintained a great relationship between the club (TCYSA Twins) and the Referees. John assisted in training opportunities outside of his area such as the Wilson ODP event for several years, local friendly events for referee development, and volunteered for Regional events among others.
