***23) When do I need to Re-Certify?***

Referee registration begins and ends with a fiscal year from July to June. Completion of the a Registration allows you to referee the entire calendar year. Each year, Referee's must recertify during the fiscal year so they can referee the next or current calendar year, depending when they complete the registration. Failure to complete the registration prior to October 1st, a late fee will be charged to recertifying referee's. Failure to complete the registration to recertify within the fiscal year, will not allow a person to referee during that calendar year, even if they complete the NEXT calendar year's registration.

Example: Not completing the 2019 registration but completing the 2020 registration will only allow that person to referee in 2020 (Jan-Dec).

***UPDATE: US SOCCER NOW ALLOWS RECERTIFYING REFEREES TO WORK ONCE THEY HAVE COMPLETED THE NEXT YEARS REQUIREMENTS. CONTACT THE NCSRA OFFICE FOR MORE SPECIFICS***
